Sir:

Please review and enter the following remarks summarizing the interview conducted on February 21, 2007:

REMARKS

An Examiner's Interview Summary Record (PTO-413) was mailed on February 28, 2007.

During the interview, the following was discussed: The Examiner and Applicants' representative discussed amendments to the claims that would overcome the prior art rejections of record, and that would remove the current rejections made under §112, 1st paragraph. The amendments discussed were incorporated into the Amendment as filed February 26, 2007.

1. Brief description of exhibits or demonstration: none
2. Identification of claims discussed: 1, 11, and 16.
3. Identification of art discussed: Taylor (US Patent 2,929,519)
4. Identification of principal proposed amendments: The amendments to the claims discussed have been incorporated into the February 26 Amendment.
5. Brief Identification of principal arguments: Applicants' representative noted that Taylor fails to show the piston rods arranged substantially orthogonal to the upper frame unit
